## **Making dreams a reality**

Joe Sharp is an expert in helping people pursue their dreams while living lives of deeper purpose. He helps individuals convert aspirations and dreams to reality while pursuing them through God’s eyes. He is a published author, International business/life coach, public speaker, and has been a CEO or partner in seven business ventures in various industries. Joe embraces both the practicality of his experiences and the spontaneity of the Holy Spirit to minister to people seeking to impact the business world. It’s Joe’s primary passion to help locate the strengths and dreams within the hearts of the saints, and thus work to “equip them for the work of the ministry.”

## **Speaking from Experience**

Joe speaks from practical experience and undeniable passion. Joe began his first successful company, Sharp Innovations, Inc., in 1999, at age 20. His exceptional drive and focus has only increased over the past decade, and he wants to share his knowledge with your organization. He’s honest about both his successes and failures. It’s this honesty that makes his topics so relevant.

Joe also draws extensively from his personal life with the realization of the power of testimony. His openness about how to make relational, spiritual, and personal dreams come true make his lessons insightful and meaningful.

## **Speaking in Humility**

Joe doesn’t speak about anything he doesn’t practice himself. He backs his passion for helping people help others in his own life. 10% of the proceeds for his book, “Running Down Your Dreams” and all of his dream pursuit resources and speaking engagements go to HOPE International, an organization dedicated to fueling the dreams of the poor around the world. HOPE International is a nonprofit organization that tutors individuals in microfinance and provides them with basic business training in association with the Gospel of Jesus.
